Removing Course Signals from Your Blackboard Learn Course

☐ Step 1: Once you’ve logged in to Blackboard, go to the course for which you’d like to remove Course Signals. Locate the course management menu in the lower left part of your course menus. Click Customization to expand, then Tool Availability.

☐ Scroll to Ellucian Course Signals and uncheck the box in the first column. Then, click Submit at the bottom of the page.

☐ Step 2: Click on Course Content. Look for the Course Signal traffic light icon. Click the arrow immediately to the right of “Course Signals” and highlight Delete.
