

**To make a Vista section visible to students before a term begins or after a term ends:**

From the Teach tab, select Manage Course (under Instructor Tools).

Select Settings, then Learning Context.

Change "Course availability for Students" to Always available. Click Save Values.

Example:

**Learning Context Administration**

Title	Value
Course availability for Students *	Always available
Course availability for Teaching Assistants *	Not available before term starts/after term ends
Course availability in Public Course List *	Not available before term starts/after term ends
