

BoilerCast Instructions: Ad Hoc Captures in Kaltura Classroom

1. Click on the Kaltura Classroom icon to open the application.

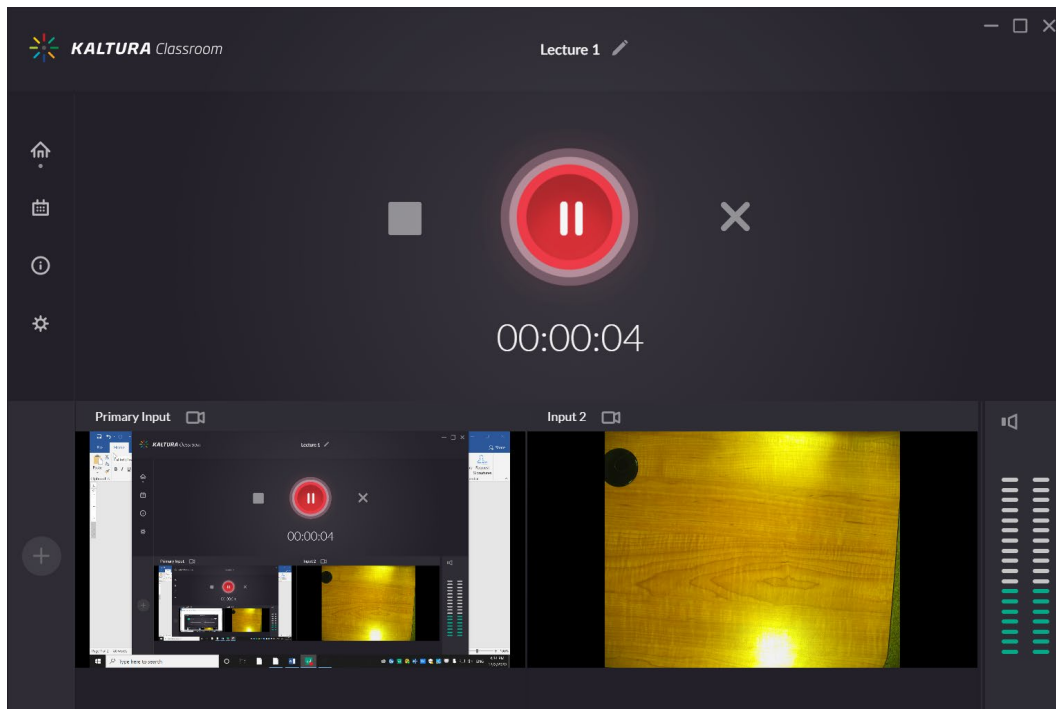

2. Click the pencil next to New Recording. Enter the Title and User Name, and press the Save button.

BoilerCast Instructions: Ad Hoc Captures in Kaltura Classroom

3. Press the red button to start the recording. It can also be used to pause or resume the recording.

4. Press the square button to stop the recording, and press the Save button. Allow at least one minute for uploading before logging out. You will find the saved recording in My Media on mediaspace.itap.purdue.edu.
